I don't know - when you lose everything nothing seems very important except each other - My husband says a good deal on a new computer

Please use back or another sheet of paper, if you want to write more. We want to hear your story.

We went to Atlanta for awhile & we were ready to come back & my mom had a heart attack. She is doing o.k. now & is staying at my sisters. I have a daughter in college in Charleston, S.C. & we just hope we can keep her in school. My husband works for Lowes & is now back at work. I worked for Casino Magic for 10 years so I am out of work. My son worked for Casino Magic also. We are actually doing fine because we have a large family & are all helping each other. There have been so many people down here helping it has been great. We are not sure yet where we will end up because we were close to the beach & it is just gone. But the peoples spirits are ready to rebuild. Janet [redacted]
